

AYODELE OPEYEMI MORGAN

Oyo, Nigeria | 08108435541 | opeyemimorgan3@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Full Stack Web Developer with 3+ years of hands-on experience building responsive, scalable web applications across real estate, food delivery, e-commerce, and healthcare platforms. Delivers end-to-end features from React-based interfaces and Node.js APIs to MongoDB schema design and third-party integrations. Comfortable working independently with clients, collaborating in Agile teams, and translating business goals into working, maintainable products.

SKILLS

- **Frontend:** React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS
- **Backend:** Node.js, Express.js, RESTful APIs, GraphQL
- **Database:** MongoDB
- **Tools & Workflow:** Firebase, Google Cloud, Git, GitHub, Postman, Vercel, Render, WordPress, WooCommerce
- **Testing:** Jest, React Testing Library
- **Practices:** Responsive Design, Performance Optimization, API Integration, Agile/Scrum

WORK EXPERIENCE

Full Stack Developer

Olybe Enterprise, Remote

Oct 2025 – Present

- Building and maintaining the Olybe food delivery marketing website targeting pre-launch audiences in Makurdi, Benue State.
- Conducted a full six-page site audit and rewrote content with locally grounded language to improve regional relevance and conversion.
- Designed and implemented Nigerian food category mockups and responsive UI components for a fast-loading, mobile-first experience.
- Collaborated with a young creative team to deliver brand-consistent design and copy across the platform.

Full Stack Developer

Freelance, Remote

Jun 2025 – Present

- Built full-stack MERN applications for clients across e-commerce, healthcare, and professional services niches.
- Created and consumed RESTful APIs to handle authentication, business logic, and data flow between client and server.
- Designed and managed MongoDB schemas for scalable data storage and retrieval.
- Implemented frontend testing with Jest and React Testing Library to validate UI behavior and reduce regressions.
- Worked directly with clients to gather requirements, deliver features iteratively, and respond to real-world feedback.

Frontend Developer

BaskLiving, Remote

Dec 2024 – May 2025

- Built and maintained React-based responsive interfaces for property listings, search, and student onboarding flows.
- Designed and implemented reusable UI components to ensure design consistency across features at scale.
- Integrated frontend components with backend REST APIs in close collaboration with backend engineers on data contracts.
- Prioritized UI performance, accessibility, and maintainable component architecture throughout the project lifecycle.

Frontend Developer Intern

Learncity Technologies, Ibadan

Aug 2023 – Aug 2024

- Built static and interactive pages using HTML, CSS, and JavaScript, converting Figma designs into responsive, mobile-first layouts.
- Gained hands-on experience with Git version control and Agile development workflows in a team environment.

PROJECTS

Olybe Food Delivery – Marketing & Pre-Launch Platform | *Next.js, TailwindCSS, TypeScript*

- Built the full marketing website for a food delivery startup targeting Makurdi, Benue State, ahead of public launch.
- Rewrote all six pages of site content using locally grounded language to improve audience relevance and engagement.
- Implemented food category UI mockups and a mobile-first responsive layout optimized for low-bandwidth users.

Jumia Clone – Full Stack eCommerce Platform | *MongoDB, Express.js, React.js, Node.js, CSS3*

- Built a complete MERN-based e-commerce application with product listings, a shopping cart, and user authentication.
- Developed backend APIs using Node.js and Express.js with data stored and retrieved from MongoDB.
- Integrated REST APIs into the React frontend for real-time cart updates and dynamic product rendering.

Mapoly Clinic – Healthcare Management Platform | *MongoDB, Express.js, React.js, Node.js, TailwindCSS*

- Developed a full-stack platform for appointment booking and patient record management.
- Built REST APIs and integrated them with React UI components, applying responsive design and accessibility best practices.

EDUCATION

B.Sc. Computer Science

Tai Solarin University of Education, Ijebu-Ode

Nov 2018 – Apr 2023
